#### LEAD IN CONGRESS GROWS:

REPUBLICAN MAJORITY IN SENATE 80-IN HOUSE MORE THAN 50.

Wolcott Loses in Colorado and Clark in Mon tina-Pettigrew is Defeated and Lentz of Ohio Retires From the House-Nebraska Is Republican-The Populist Allen Out. Late and almost complete election returns

from the various States do not materially alter THE SUN'S Congress figures as published yesterday morning. The Fifty-seventh Congress will be heavily Republican in both branches. In the Senate there will be fifty-five Republicans as against fifty-one as the body is now constituted. The combined opposition will number but thirty-five. Kyle of South Dakota will be succeeded by a Republican and the figures from the election in Colorado show that the Fusionists have carried the State on the Legislative as well as the electoral, State and Congress tickets. This will result in the retirement of Senator Wolcott who is thus punished for his loyalty to Republicanism and sound money.

Delaware will send two Republicans to succeed George Gray and Richard K. Kenney and the indications are that Matthew Stanley Quay will be elected from Pennsylvania for the term commencing March 4 next. The vacancy caused by the refusal to seat him on Gov. Stone's certificate will continue until that date. Clark of Montana who was also refused a seat after "resigning" and being appointed by the emergency Governor will probably come back with ex-Governor and ex-Congressman O'Toole as a colleague. Nebraska's two vacancies will be filled by Republicans. Populist Allen goes out and Candidate Bryan does not get in.

The present working majority of sixteen in the House of Representatives will be incresead to fifty-seven, the most gratifying change being the defeat of J. J. Lentz of the Twelfth Ohio district, whose attacks upon the honor of the flag and patriotism of Uncle Sam's soldiers were notorious during the last session. JERSEY'S PLURALITY 55,506

Corrected Returns Cut Hudson County's Bryanite Vote-Bob Davis's Laurels. Corrected returns from New Jersey showed last night that the Republican national ticket has a plurality in the State of 55,506. The vote was below that of 1896, when the ticket possessed a strong attraction for Jerseymen

in the personality of Garret A. Hobart. Bryan carried Hudson county, N. J., by plurality of 6,381, and the entire Democratio ticket was victorious. The vote was: Kinley, 31,863; Bryan, 38,244. Allan L. Mc-Dermott, candidate for Congress in the Seventh district, which embraces all the county with the exception of Bayonne, defeated Marshall Van Winkle, Republican, by 3.504 for the unexpired term of the late Congressman William D. Daly, but received a plurality of only 2.323

over Van Winkle for the full term of two years. eleven Democratic Assemblymen won by pluralities averaging 6,100 votes and the board of nine Chosen Freeholders were elected by pluralities of 5,600 and 5,700. Kearny was the only one of the thirteen municipalities in the county carried by McKinley. Jersey City gave Bryan a plurality of 2,677 and Hobo-

The Democratic victory in Hudson county is attributed by friends of Robert Davis, the leader of the machine, to Mr. Davis's skill in managing a campaign. They say that he is now entitled to the laurels of Democratic leader of the State. Mr. Davis said yesterday that free silver loaded down the Democratic ticket and aided in bringing about the McKinley tidal wave William B. Gourley, chairman of the Democratic State Committee, who had reseate ideas as to the big sweep Bryan would make in New Jersey, said several weeks ago that he would retire from the chairmanship after the election. It is expected that Davis will get

The entire Democratic county ticket is elected. The new Democratic Freeholders are: Michael B. Holmes, Louis L. Finke, James Billington, James J. Kelly, William J. Moran, Patrick Nugent, John F. Nolan, J. E. W. Kuper and George W. Caparn. They will take office on Each receives a salary of \$1,500 a year. McKinley's plurality in Essex county was 19,499, the total Republican vote being 45,322 and the Democratic 25,823. The President's plurality is but 2.581 less than in 1896. In Newark McKinley's plurality was 11,017, only 2,169 less than four years ago, when the fact that a Jerseyman, Garret A. Hobart, was running for Vice-President had a strong effect on the

German-Americans Had a Large Share in the

Victory, Says the "Tageblatt."

Special Cable Despatch to THE SUN. BERLIN, Nov. 7.-The National Zeitung ex resses satisfaction at the result of the American elections, first because of the good personal relations between Emperor William and President McKinley, the repeated expres sion of which has corresponded with the friendly settlement of important questions, and also because the reelection of Mr. McKinley will have a favorable influence on international currency. The paper declares that a Democratic victory would undoubtedly have caused a renewal of the currency war, a danger which

has now been obviated. The Tageblatt declares that the United States in addition to declaring for good money indirectly indorse imperialism. It says that in Ex-Judge Robert S. Hudspeth was elected spite of Carl Schurz's attitude during the cam-State Senator over Mark Fagan by 5,118. The paign the German-Americans had a large share in the victory.

"Germans here," the Tageblatt says, "hail the result of the election as a triumph of sound money over revolutionary experiments of a nature that would shake the whole foundations of international commerce. Moreover, although President McKinley was not a friend ken contributed an excess of 2,000 Democratic of the Germans in the strict sense of the term, yet it must be noted with satisfaction that the relations of the two Governments have lately been considerably ameliorated and now there is no serious ground for friction between Germany and America in any part of the world. The Samoan difficulty has been settled to the satisfaction of both, they are fighting side by side in China now and McKinley's initial distrust of Germany's territorial aspirations has been dissipated. We hope that during his new term other questions at issue will be solved,

notably that relating to treaties of commerce. The Vossische Zeitung says that the blessings of sound money and prosperity were too evident to allow the exchange of the McKinley system for Bryanistic experiments. The paper adds that Germans cannot but be pleased with the continued consolidation and strengthening of the economic situation in the United

BRUSSELS, Nov. 7.-The Belgian commercial communities generally approve the reelection of President McKinley, but the evening newspolicy for another four years.

The ultra-Conservative Kieuz Zeitung says in regard to American relations with Europe that Mr. McKinley's election will perhaps not inspire so much confidence as Mr. Bryan's would have given. It adds:

"We must say so despite the peaceful efforts of Ambassador White. The tone of the leading Republican papers and such events as the omission to punish the American naval offcers who insulted Germany in 1893 induce us to believe that the policy of the White House is to maintain American interests in opposition to European ones in various parts of the world more steadily than hitherto.

The Neuesten Nachrichten, Post and Boersen Courier welcome the result. VIENNA, Nov. 7 .- The newspapers here which customarily are somewhat unfavorable to President McKinley, fix upon the reports of an increased Democratic vote as a timely warning against pushing imperialism too far. The Allgemeine Zeitung, which is the most hostile, says: "The Union, having gradually become an aristocratic oligarchy which sees its strength in wealth, must continue to seek new market by an imperialist policy. OMARA, Neb., Nov. 7 .- At 10 o'clock to-night it is settled without possible grounds for disquiet that the Republicans have swept the State and have carried everything on the State ticket and the Presidential electors by majorities ranging from 1,500 to 15,000. The Legislature is still claimed by the Populists, but the Republicans claim 75 votes out of 133 on joint ballot. The Congressional ticket remains unchanged, though the Populists elected Robinson in the Third by only 200. Stark in the Fourth by only 200 and Shellenburger in the

Twenty-one counties out of ninety have sent in complete returns. These give McKinley 40,000 and Bryan 37,800. The same counties in 1896 gave McKinley 34,481 and Bryan 38,092, giving McKinley a net gain of 5.720. The ratio ed from the moment the first precinct re-ported last night. Though the fusion forces do not concede the State, it is clearly certain to give McKinley not less than 7,000 majority. Chairman Lindsley of the Republican Com-

mittee says to-night: "The State has gone Republican by maforttles ranging from 7,000 to 10,000. The full State ticket is elected and the Presidential Electors, and we have 75 out of 183 votes on toint hallot in the Legislature making it certain that two Republican Senators will be elected. The Congressional ticket is probably not changed, though we do not yet concede the election of Robinson in the Third, which later returns may show has been carried by the Republicans."

This is Mr. Lindsey's statement. A nonpartisan view, however, is that the Legislature is not yet certain by a great deal. In will continue in business at the same fact, it looks to a non-partisan observer as if it will be forty-eight hours before the situation is known definitely in the Legislature. In any event it will be very close. Already the fusion forces are talking of a contest of

LINCOLN, Neb., Nov. 7.-Mr. Bryan at a -suits, trousers, overcoats, full dress suits, ragians, etc.—is offered to the decisive to call for any comment, and he would have nothing to say until to-morrow morn-ing. During the afternoon and evening held several conversations with Chairman Jones over the long-distance telephone, but what he heard did not improve his temper. He has been deluged all day with telegrams of condolence and regret. At 9 o'clock to-night the Fusionists conceded the State to McKinley by 3,000, but still claimed the Governor and State ticket as well as the Legislature. The Repub-licans claim that the Legislature will be Republican on joint ballot and that the entire State ticket has been elected.

CHEAN SWEEP IN CALIFORNIA. McKinley's Plura'ity Now Estimated at 40.

000-Seven Republican Congressmen Elected. SAN FRANCISCO, Nov. 7.-California goes Republican by 40,000 plurality and elects seven Congressmen. That is the best estimate of the cituation that can be made now with many country precincts missing. Four years ago McKinley got only 4,115 majority. San Francisco has rolled up a Republican majority of 12,000, and Alameda county follows with 7,000 plurality.
In the Congressional districts the result is

In the Congressional districts the result is absolutely sure in six, and in the Second district Woods, Republican, is 1,100 ahead of Sproul, Democrat. It does not seem possible that this advantage can be cut down by Sproul, and the Republican managers are confident that Woods is elected. Needham, Republican, in the Seventh district, who was thought to be in danger, will be elected by several thousand plurality, and McLachian, Republican, in the Sixth will have over 4,000 blund, in the Fifth, will have at least 5,000 plurality. least 5,000 plurality.

With a working majority in both houses of the State Lezislature California Republicans have made the cleanest sweep in years.

Controls the Legislature and Will Probably Go Back to the Senate

HELENA, Mont., Nov. 7 .- While the returns on the Legislative ticket throughout the State are incomplete, and may not be known with definiteness before to-morrow noon, there is no doubt that W. A. Clark, the multi-millionaire copper king and banker of New York and Butte, will again present his credentials to the upper house of Congress on March 4 next as United States Senator from Montana. Returns have been received from twenty of the twenty-four counties in the State, which show Republicans 30, Clark Democrats 35, with Silver Bow county (Butte) still to hear from. The hold-over Senators who voted for Senator Clark two years ago will probably bring Senator Clark's strength in the Legislature to 55, or seven more than is required to elect.

The Clark forces won in nearly every county of the State and the Democratic candidate for

The Clark forces won in nearly every county of the State and the Democratic candidate for Associate Judge was elected, giving the Democrats two of the three Judges of the Supreme Court. The Clark faction control the Judiciary of Silver Bow county.

Former Gov. J. K. Toole, the Democratic candidate, is elected Governor by 10,000 plurality and Bryan carried the State by 12,000. The result of Tuesday's balloting gives the Clark faction of the Democratic party complete control of the Legislature and Judiciary.

There is scarcely a contingency under which Thomas H. Carter can hope for reelection, and unless all signs fall, W. A. Clark will be one of the two Senators to be elected by the Legislature, and Gov. J. K. Toole will be the other.

The independent Democracy organized by the Marcus Dalv faction of the Democratic party exhibited less strength than was expected and will have fewer than ten votes in the Legislature.

Senator Clark has now complete control of the party organization, and the defeat of the Daly Democrats leaves him alone in the field. It is estimated that a million dollars was spent in what has been the hardest fought political battle that has occurred in the history of the State.

Caldwell Edwards, Democratic nomines for

State.
Caldwell Edwards, Democratic nominee for Congress, is elected by a large vote.
Considerable criticism has been levelled at Thomas H. Carter for the complete victory achieved on Tuesday by the Clark forces, but the chief reason for the Democratic landslide is found in the failure of Marcus Daly to control the vote of Butte as he has done since it became the all-important power in Montana politics.

WASHINGTON GOVERNOR IN DOUBT. Everything Else Republican-McKinley's Plurality From 8.000 to 8.000.

SEATTLE, Wash., Nov. 7 .- Washington has given her electoral vote to McKinley by a majority variously estimated at from 5,000 to 8,000. The Republicans have also reelected F. W. Cushman and W. L. Jones to Congress and have a majority in the Legislature. The vote on Governor is so close that it is

yet difficult to say whether Frank, Republican, or Rogers, Democrat, is elected, both parties claiming victory. Rogers is the present incumbent and quite popular.

cumbent and quite popular.

TACOMA, Wash., Nov. 7.—Washington will give McKinley a plurality of from 8,000 to 10,000. This is the best judgment of conservative men here, based on the returns from about haif of the precincts in the State.

W. L. Jones and Francis W. Cushman, Republicans, are redicted to Congress by pluralities nearly as large. The entire Republican State ticket, except Governor, is elected by 6,000 to 8,000. The official vote may be required to determine who is elected Governor. Returns received up to 7 P. M. Indicate that Gov. Rogers (bem.) will be elected by less than 1,000. The Republicans are hopeful that later returns will show sufficient gains for Frank to elect him Governor. The Legislature will be strongly Republican. No Senator is to be elected. The feature of the election is the landslide for McKinley, the tremendous cutting of Frank by the Republicans and the slowness of the count.

SMALL FIGURES IN MISSOURI. Bryan by 25.000. Dockery Perhaps by 20,000 Though This Is Not Sure.

Sr. Louis, Nov. 7 .- Returns received at State Republican headquarters up to midnight indicate that Bryan has carried Missouri by a plurality not exceeding 25,000, that Dockerv's vote will fall below this figure and will probably not exceed 20,000. Four years ago Bryan carried the State by a plurality of 58,712. The loss of Missouri to the Republicans is

due to the big slump in this city, a normal majority of 15,000 being wiped out and the Democratic ticket elected by majorities ranging from 5,000 to 10,000. The reason for this was dissatisfaction with the Republican municipal government, the infamous Nesbitt law, which placed all the muchinery of the elections in the hands of the Democracy, and the police law under which many voters were intimidated and kept away from the polis.

Chairman Siebert of the Democratic State Committee claims the election of Dockery by from 35,000 to 40,000. This claim is absurd on its face, for nearly every county thus far received shows decided Republican gains. So great are these, that many of the party leaders assert that Flory has been ejected Governor, even without the vote of St. Louis.

Returns from the back counties will not be received before the end of the week, for in many cases it means courier service across mountains and through the wilderness. Whatever the final result may be, one thing is certain, Missouri will hereafter be classified with the doubtful States and be the battleground of both the parties. due to the big slump in this city, a normal ma-

OHIO'S PLURALITY IS 71,000. It Is the Largest Ever Given to Any Presidential Candidate.

COLUMBUS. Ohio, Nov. 7.-Unofficial returns from thirty-five of the eighty-eight counties of the State indicate a Republican pluties of the State indicate a Republican plurality of 71,115, thus sustaining the ante-election prediction made by State Chairman Dick that McKinley's plurality in the State would be considerably in excess of that of 1896, and greater than that ever given a Presidential candidate in this State. The largest plurality given a Presidential candidate in this State was in 1864, when Lincoln received 60,005, and thenextlargest was that of 51,100, given McKinley in 1896.

Gen. Dick in that statement said the Republicans would gain two members of Congress and the results in the close districts appear to bear him out, as the unofficial returns indicate the election of Nevin by 121 in the Third, Tompkins by 16 in the Twelfth and Biedler in the Twentieth district by something like 500.

DUNN TO SUCCEED ODELL WILL BE CHAIRMAN OF THE STATE REPUBLICAN COMMITTEE.

The Railroad Commissioner From Binghamton Considered a Good Man for the Place -Idle Talk to the Effect That a State Constabulary Bill Is to Be Rushed Through. The Hon. Benjamin B. Odell, Jr., just elected lovernor of the State of New York, will resign

his place as chairman of the Republican State Committee within a short time. William Barnes, Jr., chairman of the Executive Committee of the Republican State Committee, is to leave for Europe on Saturday. He does not expect to return until late in December It was apparent from all that could be heard last night that Mr. Barnes does not hope to be elected chairman of the State Committee to succeed Mr. Odell. It was announced that United States Senator

Thomas C. Platt believes that Railroad Commissioner George W. Dunn of Binghamton should be elected chairman to succeed Mr. Odell. Mr. Platt and Mr. Dunn have been friends for a lifetime. Mr. Dunn is a rich man. It was indicated that if Mr. Dunn ac- at 25 cents. cepts the place of chairman he will resign as Railroad Commissioner, as he could not give proper attention to both offices.

Commissioner Dunn, it was said, would make a very able chairman of the committee. He is spoken of as one of the shrewdert Republican politicians of the southern tier. He is on the friendliest terms with Mr. Odell, and Mr. Dunn's selection, it was added, would bring harmony all around.

It was averred that at the proper time Mr. Barnes, as chairman of the Executive Committee, will call together the Republican State Committee for the purpose of accepting Mr. Odell's resignation and electing Commissioner Dunn as c. a rman in his stead. A are many Republicans who have been familia with the programme with regard to Mr. Dunn within the last week or so have popped up a candidates for his place as Railroad Commissioner. It was made known that former Superintendent of Public Works at Alban; George W. Aldridge of Roche-ter would like to get it. The term is for five years and the salary is \$8,000 a year. It was further said that if Mr. Aldridge cannot land in Mr. Dunn's place, he would like to succeed Ashley W Cole, who retires as a Railroad Commissioner in about a year. Mr. Aldridge believes that he is entitled to one of these two places. Senator Platt and Mr. Odell declined yesterday to say what they thought of Mr. Aldridge's chances.

STONE SAYS QUAY WILL WIN. The Governor Says Pennsylvania's Legislature Will Make Quay Senator.

HARRISBURG, Pa., Nov. 7 .- Matthew Stanley Quay will leave Washington to-morrow morning for his retreat at San Lucie, Fla. Gov Stone spent last night in Washington at the home of Col. Quay, and they together received the election news from Pennsylvania and the country. Gov. Stone said this evening that there was absolutely no doubt of the reelection of Col. Quay. He said the actual Quay strength as shown by the returns and from private advices was in the neighborhood of 153 votes in the Senate and House. As it only requires in the Senate and House. As it only requires 128 votes in the joint convention to elect a United States Senator, the claims of the Quay leaders to a victory seem justified.

PHILADELPHIA, Nov. 7.—Chairman Reeder of the Republican State Committee, said tonight that Quay would be elected to the United States Senate, there being at least 149 votes that he is sure to get on joint ballot. This would give Quay a clear majority of 2 and is about the estimate Quay himself gave out at Lebanon recently.

GREAT VICTORY IN MINNESOTA. McKinley's Plurality May Reach 75.000 -Seven Republican Congressmen.

St. Paul, Minn., Nov. 7 .- Minnesota has had one of the hardest fights of any of the Western States with the possible exception of Nebraska.
